A MESSAGE OF GRATITUDE FROM THE CHAIRMAN

Dear Friends, Supporters, Sponsors, Partners, Volunteers, Interns, and Community Leaders,

As we reflect on the incredible growth and impact of the South Asian Business Council of Virginia (SABCVA), I want to take a moment to express my sincere gratitude to each and every one of you.

What started as a vision to create opportunities, empower communities, and develop future leaders has become a thriving nonprofit organization serving professionals, entrepreneurs, students, and families across Virginia. None of this would have been possible without your support, trust, and belief in our mission.

This year has been especially exciting as we launched 100 AI and Cybersecurity Internship opportunities for students and young professionals. Through our Mission 1000 Initiative, we have set an ambitious goal of creating 1,000 internships over the next three years, helping the next generation gain real-world experience, mentorship, and career opportunities.

In addition to our internship programs, SABCVA continues to expand its impact through workforce development initiatives, CEO Leadership Forums, Executive Panel Discussions, Business Expos, Entrepreneurship Conferences, Startup Pitch Competitions, Women in Business & Leadership Programs, Youth Leadership Development Initiatives, Job Fairs, Career Development Workshops, Networking Events, Hackathons, Technology Innovation Programs, Civic Engagement Workshops, Community Service Projects, and our Annual Business Awards Gala and Fundraising Events. These programs are creating opportunities, supporting innovation, developing leaders, strengthening businesses, and helping build a stronger and more connected community.

I would like to extend a special thank you to our sponsors, donors, community partners, advisory board members, volunteers, mentors, speakers, and attendees. Your dedication and generosity make our work possible and allow us to continue serving our community with purpose and passion.

As we look toward the future, we remain committed to our mission of creating opportunities, sharing resources, and empowering one another. Together, we can continue making a meaningful difference in the lives of students, professionals, entrepreneurs, and families throughout Virginia.

Thank you for being part of the SABCVA family and for helping us build a brighter future for our community.

With gratitude,

Mansoor Qureshi

BRIDGING THE GAP: 100 FUTURE TECH LEADERS SELECTED!

A few weeks ago, SABCVA hosted an Internship Fair where we interviewed over 350 brilliant candidates. Today, 100 talented young professionals are officially underway in our **AI & Cybersecurity Internship Program!**

We launched this initiative with a clear purpose: to ensure the next generation doesn't face the same struggles many of us did—hunting for that crucial first job or internship without the advantage of hands-on experience.
